Wisnu Andika

Frontend Web Developer

Universitas Pembangunan Veteran Jakarta,
Computer Science Faculty (Informatics Major)

A final-year Informatics student at UPN Veteran Jakarta, characterized by responsibility and ambition. Actively engaged in exploring front-end web development through bootcamp experiences and specialized online courses, with practical involvement in several virtual internship projects.

Currently seeking an internship opportunity, particularly as a front-end web developer, to pave the way for a career in the software development sector.

Bootcamp Experience

Rakamin Academy Full Stack Web Development Intensive Bootcamp X Kampus Merdeka

Learned how to create a website from backend to frontend using JavaScript (frontend using Next.js and backend using Express + PostgreSQL).

Successfully finished the program within the set timeframe, attained an average score of 90.05.

Awarded as the most outstanding student of major and top 5 student of MSIB 5 Rakamin Academy.

Bootcamp Experience (Doc)
